

WATER OASIS

Water served by the Puerto Rico Aqueduct and Sewer Authority (PRASA) throughout its system, including filtration plants and tank filling locations, complies with the Safe Drinking Water Act. This compliance is monitored by the Department of Health and the Environmental Protection Agency.

Oasis tank trucks used for potable water have to comply with Safe Drinking Water Act and Department of Health regulation parameters and have to pass frequent inspections by the Department of Health.

The Department of Health and PRASA certify that water is safe for consumption.
